Yes as long as you are prepared to participate in the local community.
--

What are the main issues and priorities for change that you have identified?

Better speed control on the A83 locally to control excess speed. Local empty housing to be made available to the local housing/rental market. More local opportunities to get involved in the local community.

Public transport isn't enough. More buses to local villages such as Kilberry and those not on main A83 road.

What actions could be taken to deal with these?

More police monitoring of the speed limit. Local property owners to be contacted to see if empty housing could be sold/rented. More community events identified to take part in.
--

More buses/drivers. Better timetable
