Cycle Path
The cycle path is perfect and there are also lots of Forestry Commission paths
Cycle path is good but access to Teithel beach is poor quality and constantly restricted by construction of hatchery

not really applicable, however I believe the school does a lot
A kids play area would be a brilliant addition to the area

Some roadside landscaping and better bin locations would be a significant improvement in care and maintenance of the area

Good support from councillors but recent industrial developments have shown poor consultation with local population

Barcaldine is a good place to live but the council needs to sort out the bin location problems and some overgrown roadside areas

Being kept informed Open space needed for markets/events

Regular and frequent bus service or community transport required. Last bus service at 4pm 8s
NOT acceptable

Consult on bin locations and send a contractor to sort out some undergrowth

Council support community transport
