

5 Loch na Keal NSA: Identifying Study Areas

Four main study areas were identified for Loch na Keal NSA:

- Inner Loch na Keal, which focuses on the inland reaches of the loch, where steep slopes give way to level land created by alluvial deposits
- Outer Loch na Keal, which focuses on the settlements overlooking Ulva and the scattered islands and skerries at the mouth of the loch
- Inner Loch Tuath, which focuses on the settlements along the inner northern shore of the loch
- Outer Loch Tuath, which focuses on the largely linear sporadic settlement at the very western end of the loch
